

The Daily Waste

March 12, 2004

The General Accounting Office recently discovered that bureaucrats had used their taxpayer funded purchase cards for:

- ✚ Premium satellite and cable TV packages (including charges for pornographic movies) -- \$4,843
- ✚ Fish costumes, “web of life costumes” and a hand-stitched “salmon tent” -- \$16,250
- ✚ Aquarium -- \$2,929
- ✚ Billiard table -- \$2,295

And the Democrats want to raise your taxes to pay for more of this?
